BGS Cell Phone & Digital Use Policy

Purpose

At **Bagh Grammar School (BGS)**, we aim to create a focused, respectful, and distraction-free learning environment. Technology is valuable when used appropriately, but misuse can disrupt learning and affect students' social and emotional well-being. This policy defines clear expectations for the responsible use of digital devices and online platforms.

Cell Phone Policy

- **No Cell Phones Allowed**

Students are **strictly prohibited** from bringing or using mobile phones during school hours or on school premises.

- **Permanent Confiscation**

Any phone found in possession of a student will be **confiscated permanently** and **will not be returned** under any circumstances.

- **Violation Record**

The violation will be **recorded in the student's disciplinary file** and **parents will be informed immediately**.

- **Repeated Offenses**

Continued disregard for this policy may result in **further disciplinary action**, including suspension.

Social Media Restrictions

- Students are **not permitted** to maintain or use **social media accounts** (such as TikTok, Instagram, Snapchat, Facebook, etc.) during their enrollment at BGS.
- Discovery of such accounts will result in the school **contacting parents** and scheduling a **Parent-Teacher Meeting (PTM)** to discuss the matter and guide appropriate corrective action.
- The school reserves the right to take further disciplinary steps if such accounts promote inappropriate content or affect school discipline.

Educational & Controlled Online Use

- BGS encourages **educational use of digital platforms**, including **YouTube and other learning resources, strictly under supervision and within controlled limits.**
- Teachers may recommend approved educational channels or content to supplement classroom learning.

Bagh Grammar School Administration

Discipline, Focus, and Digital Responsibility for a Better Future.
